Dear Tim:  . your m
may remain Aug 28, 1963

Dying women afraid of light. I cry myself to sleep.

Hope you are OK and not too anxious. Saw
Chas. Olson + Terry Beseriman at Vancouver when we taught.
Due to India experiences I resolved a lot of
the worst worries + problems haunting me from
Tangiers on. Natural transfer of consciousness from
head to belly + feelings again. I weep + sigh
a lot, happy now. Much to tell you. I can
pay you the \$100 I borrowed - you probably need
it? Where are you? - love. as ever + Nor-Allen
